**Rebuttal to the Argument Against Measure T**  
**[250 Words Max]**

The opponents have their facts wrong and don't understand the needs of our local South San Francisco schools. Measure T will make critical health, safety and security improvements to local schools as well as ensure all students have equal access to up-to-date classrooms and labs.

744

When you consider the **FACTS**, voting **YES** on T is the right choice for our schools and community.

> 18

- **FACT:** Good schools maintain our quality of life and **protect the value of our homes.** Academic research has shown that safe, updated local schools support student learning, and create a demand for homes – keeping our community strong.

> 37

- **FACT:** **Aging school facilities and outdated electrical systems** simply don't provide students with the learning environments needed to provide real world, hands-on science, technology, engineering, and math instruction.

> 29

- **FACT:** South San Francisco Unified School District has a proven track record of strong fiscal management. Past measures were never promised or intended to address every need in our schools, but they did provide new permanent buildings which will last 75 years.

> 37

- **FACT:** The State doesn't fund school improvements or teacher/staff housing. Passing Measure T is the only way to help us qualify for state matching funds.

> 25

- **Fact: Measure T is accountable.** The Facilities Master Plan shows over \$850,000,000 in school repair needs, with a focus on projects that support student health and learning. Independent citizens' oversight and mandatory audits ensure all funds make the critical safety upgrades and repairs our schools require.

> 45

We believe students are the future. Vote YES on T for safe, updated local schools.
